Website Maintenance/3-hour (15 minutes/month)	\$75 per hour/\$200 for 3 hours
Website Maintenance/6-hour (30 minutes/month)	\$75 per hour/\$375 for 6 hours
Deep-Scrolling Web Page	Section may count as a page

**Note:** A Page is approximately 1000 px in height. Subpages Count as Pages.

**Store design cost depends on the platform:** Wix Store or Ecwid. Please estimate 6 hours or more for Ecwid store with a fully-customized design and 10-12 products uploaded. Store app costs extra.

**Not Included in the Custom Web Design Package:** [The client pays for Wix annual hosting and store app fees separately.](#) Go to [wix.com/upgrade/website](https://wix.com/upgrade/website) for all plans.

The client must purchase the domain either through Wix or another domain registrar; a domain is free the first year with most Wix plans. Private domain registration is \$9.90 extra.

# WIX Web Maintenance, Editing & Training Packages

---

**Website Maintenance** By the hour, 3 hours, or 6-hour, worry-free plan.

## **What's Included:**

- Making website back-ups
- Checking all apps, buttons, and links to ensure they are working properly
- Checking all text and element alignment on both desktop and mobile
- Checking for missing elements and apps
- Testing search engine optimization
- Ensuring that a domain is connected properly and up to date
- Making quick edits (typos)

*What's Not Maintenance (I can customize a package including major editing and instruction.):*

- Major edits and revisions to site (if not part of a website building package)
  - Client consultations and trainings (if not part of a website building package)
  - Customized instructions
  - Project management
  - Conference calls
- 

## **Website Training**

### **What's Included:**

- Teaching client how to edit text
- Teaching client how to edit images and grid galleries
- Teaching client how to fix text and element alignments
- Teaching client how to save and publish work
- Teaching client how to make site duplicates
- Teaching client how to go back into site history if s/he has lost work
- Teaching client how to add blog posts
- Teaching client how to add dynamic content (e.g. calendar, list, and testimonials)
- Teaching client how to add products and product options to WIX Store or Ecwid
- Teaching clients how to manage booking tools

*I will keep track of all maintenance, editing, client communication, and/or training hours and will contact you if you are about to use up your allotted time. Hours may be rolled over into the next year.*

*I can customize a maintenance/training/editing package.*
